

Hyundai Service Line Aero Wiper Blades and Wiper Refills- Universal

Attention: Parts Managers,
Confidential. For dealer use only.

Hyundai Mobis is pleased to advise that we have added a new product group to our range of service lines that should prove competitive in the market

1. Aero Wiper Blades- these can be used to replace the older style wiper blade units or aero blades where the blade has signs of wear.

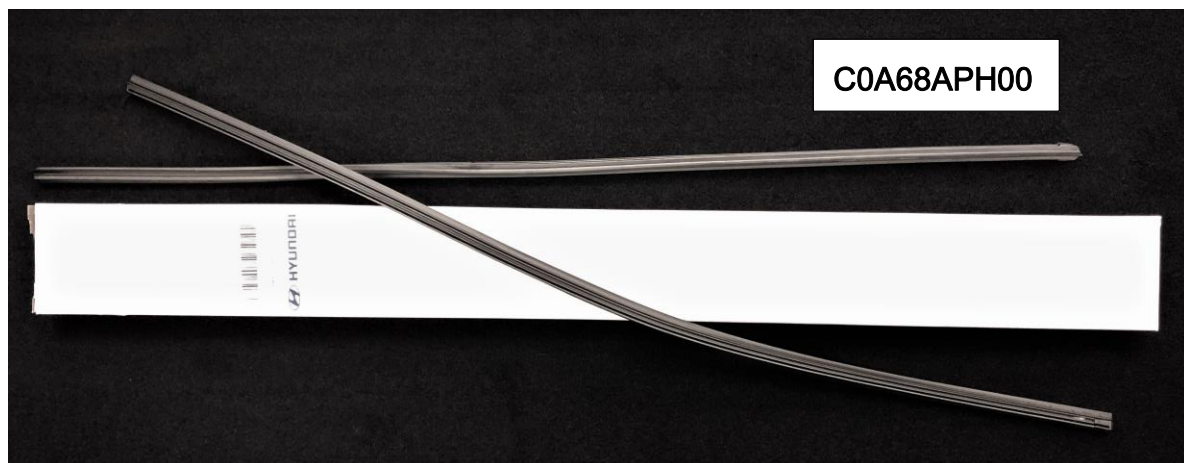

The blades range in size from 14inch to 26 inch (350mm-650mm) and we have aligned them with the OEM part number and listed on Microcat where applicable.

Part NO	Milimetres	Inches
99H09AQR14	350	14
99H09AQR16	400	16
99H09AQR18	450	18
99H09AQR20	500	20
99H09AQR22	550	22
99H09AQR24	600	24
99H09AQR26	650	26

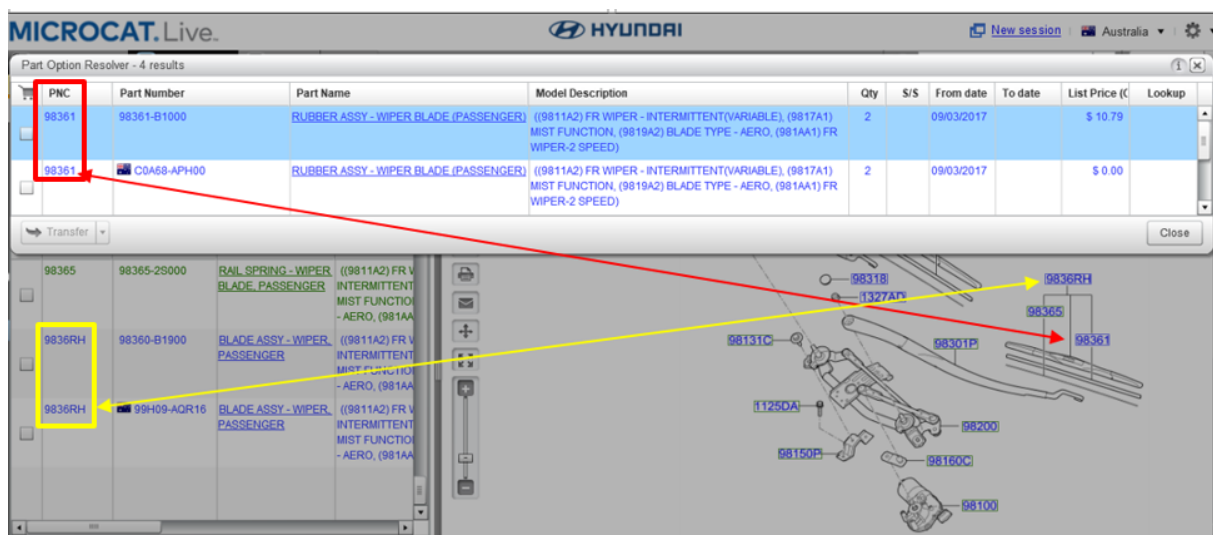

- 8.5mm Aero Wiper Refills- These refills can be used to replace the original wiper rubbers in all models with aero style blades. These universal refill utilises the original metal rails some of which are curved for better windscreen contact.

These wiper refills are sold individually but with a minimum order quantity of 20(equal to one box)

- Catalogue- Where applicable the wiper blades and refills are listed on Microcat as an alternative part number with Australian flag. Please see image below as an example.
